### YOUR VOICE COUNTS!

In 2016, there will be a ballot measure to adopt a plan for future housing in Encinitas... **What do you want this plan to look like?**

The City has begun the work to update its Housing Plan to ensure that we're prepared to meet the future housing needs of our community. Updating our Housing Plan will allow us to address the housing choices for our changing population and bring us into compliance with state law. It will also provide a number of benefits to Encinitas, protect our quality of life and save our tax dollars.

### IMPORTANT INFORMATION

#### [Community Dialogue Events](#)

Sessions were held in each of the five communities, where the public was able to learn more about why we need to plan, what housing types look like, how it can create neighborhoods & more.

#### [e-Town Hall](#)

In addition to the above Community Dialogue Sessions, starting November 10th the City will ask for input about future housing on e-Town Hall. This will be done with interactive maps that help citizens learn about where new housing could potentially be built --- and gives them a chance to look at different types of housing that could go there, and then select the ones they like best!
